Covid Policy Update:

With Covid cases once again on the rise in Alaska, we would like to assure you that Arctic will continue the daily sanitizing and cleaning procedures put into effect earlier in the pandemic.

We will continue to offer inside, and curbside pickup.

We respect those who choose to continue wearing masks, but we will no longer require them to be worn when in the store.

If requested, Sales staff, service technicians, delivery drivers and install crew will wear a mask while onsite at a customer location.

We value your continued business and support throughout these unprecedented times. We are committed to providing you with the highest quality customer service that you have grown to expect from Arctic Office Products.
